LG ChemVizuon Xign 14 oz. matte curl resistant, double sided banner material. A revolutionary construction eliminates the fabric that can cause curling and edge fraying; it also acts as a block out to make double sided printing possible. Great for banner stands as well as many other applications. Works well for digital printing. Available in the following roll sizes from stock:

PMLXIGN-39	39" x 33 yd.	\$202.45 (.63 sf)
PMLXIGN-54	54" x 33 yd.	\$280.31

**\*Limited Availability\*** Tekgraf Luminosity Reinforced PVC Banner 13 oz. This banner material is a flexible PVC material with a highly tear-resistant polyester fabric embedded between two white layers of vinyl. The product is water resistant and has a gloss surface for banners and signs that really pop. Printable with both solvent and Eco-solvent inks, for best results we recommend using the correct ICC profile that contains the proper printer settings. Applications include indoor/outdoor banners, tradeshow backdrops, & short term signage. Material is wound print side in. Available in the following size from stock:

It offers an UV extension factor of 2 yrs, engineered for large format digital prints in medium term indoor and outdoor applications. Available in the following sizes from stock:

PL0-210G-30	30" x 150'	\$121.68 (gloss) (.32 sf)
PL0-210M-30	30" x 150'	\$121.68 (matte)
PL0-210G-54	54" x 150'	\$220.50 (gloss)
PL0-210M-54	54" x 150'	\$220.50 (matte)
PL0-210SG-54	54" x 150'	\$220.50 (semi gloss)

### **ORAJET®**

Oraguard product # 215 is a 2.75 mill clear gloss or matte over-laminate.

It offers an UV extension factor of 3 yrs, engineered for large format digital prints in medium to long term applications. Available in the following sizes from stock:

PL0-215G-36	36" x 150'	\$235.42 (gloss) (.52 sf)
PL0-215G-54	54" x 150'	\$352.87 (gloss)
PL0-215M-54	54" x 150'	\$352.87 (matte)

### **ORAJET®**

Oraguard product # 290 is a 2 mill cast clear gloss over-laminate with the best conformability available. It offers a UV extension factor of 4 yrs. Great for vehicle graphics, fleet graphics and longer term displays. Available in the following sizes from stock:

PL0-290G-30	30" x 150'	\$265.51 (.71 sf)	3 rolls \$243.88 (.65 sf)
PL0-290G-54	54" x 150'	\$481.16	

### **ORAJET®**

Oraguard product # 290GF is a 2 mill cast clear gloss over-laminate that has an optically clear adhesive that's especially important when laminating window graphic film, with the best conformability available. It offers a UV extension factor of 4 yrs. Great for vehicle graphics, fleet graphics and longer term displays. Available in the following sizes from stock:

PL290GF10-30	30" x 30'	\$68.10 (.91 sf)
PL0-290GF-54	54" x 150'	\$501.78 (.74 sf)

**\*NEW PRODUCT** Print-Pro pressure sensitive 4.5 mil gloss calendared cold laminate, an economical laminate intended for both indoor & outdoor applications. Intended for flat applications with calendared print media. There is added UV protection with an outdoor life of up to 3 years. Available in the following sizes from stock:  
 PLRS-51 51" x 164' \$147.09 (.24 sf)

**Window Perf**

Orajet product # 3676 is a 4 mil, 3 year perforated window film. It's a **60/40** product meaning that you have 60% print area and 40% holes. Ideal for architectural projects, doors and applications requiring a more vivid print than with a 50/50 product. Available in the following size from stock:

- PM010-3676-30-010 30" x 30' \$183.40 (2.45 sf)
- PM010-3676-54-010 30" x 30' \$332.35

Universal's one-way window film is an 8 mill product with a clear permanent adhesive. It has 3 year durability, but printed durability depends on ink and laminate used. This product is a **50/50** pattern which means that 50% of the media has been removed with the holes. Available from stock in 10 yard rolls in the following widths:

- PMU45301-965 30" x 30' \$142.88 (1.89 sf)
- PMU45541-965 54" x 30' \$247.91

**Printable Reflective**

Oralite 5600 Fleet Engineering Grade Reflective is a 7 year, 5 mill film that combines reflectivity, flexibility and removability. Ideal for use on compound curves, over rivets and corrugated surfaces. It meets ASTM 4956 for reflectivity and is solvent and thermal printable. Available in the following sizes from stock:

- V560010-24-010 24" x 30' \$184.00 (3.07 sf)
- V560010-30-010 30" x 30' \$228.40
- V5600-30-010 30" x 150' \$918.12 (2.45 sf)

**Roland Certified Products**
